

WE INVITE YOU TO PARTICIPATE IN "SAKHAROV READINGS – 2023"!!!

On May 18 – 19, 2023, the 23rd International Scientific Conference “Sakharov Readings 2023: environmental problems of the XXI century” «For peace and creation» will be held at ISEI BSU. Traditionally, the event will gather scientists, students, master students, PhD students, and experts-ecologists from different countries of the world.

“Sakharov Readings” is an annual scientific event unifying the efforts of leading specialists to assess technical progress effect on the environment and humans as well as develop the measures to reduce the negative impact of humans on nature.

This year, the conference will be held at Dolgobrodskaya str., 23/1, metro station “Traktorny zavod”, Republic of Belarus, Minsk. There are 9 different sections, 3 round tables, and 4 participation forms (report at a plenary session, report at a section meeting, stand report, and remote participation) with an advanced payment of registration fee.

A collection of materials will be published on the conference results.
